

## An International Programme

The *Mérite Jeunesse* is not a youth organisation as such, but a non-formal educational programme for young people aged between 14 and 24.

The *Mérite Jeunesse* is structured in “units“ recognized by the *Mérite Jeunesse Foundation*.

The *Mérite Jeunesse Luxembourg Foundation* is recognized by “The Duke of Edinburgh’s International Award Foundation“, thus being part of more than 140 countries and territories all over the world where the Award programme has been set up.

Maach mat !!!  
Rejoins nous !!!**

### Develop your potential:

Every young person has a unique potential at their disposal: the Mérite Jeunesse encourages you to develop your personal skills in varied domains, to assert your role in society and thus achieve success.

The programme requires commitment in each of the 4 sections.

You set your personal challenges and goals, you design your own Award programme.

What matters is improvement, taking into account individual capabilities, excluding universal standards.

Evaluation of your efforts is done by considering the objectives set and goals reached, as documented in your personal Record Book, which is signed off by your tutor/assessor.

### THE LEVEL:

- BRONZE
- SILVER
- GOLD
